

## **BOOKING INFORMATION**

### **Who are we?**

Crowns of Creation Ministries is a Florida Non-profit organization, led by music evangelists, Joey and Jeanie.

### **Our Outreach Ministry:**

Crowns of Creation Ministries originated in the streets of Fernandina Beach, at our local Farmers Market. We learned along the way that if we make ourselves available, God uses us in ways we never expected! Our music is the vehicle to reach out and be available for prayer, fellowship, and a link to the unchurched. We also provide community resource information to those seeking recovery programs, mental health services, those in homeless situations, and a variety of others.

### **What we offer:**

We are eager to share music and stories from our experiences in street ministry, as well as personal testimonies. We design our programs to fit the needs of your church, conference, or special event. We lead worship or provide a full service of song, scriptures, and stories. We encourage, share, and spread the joy of the Lord. Our programs are fitting for all ages, designed to fit your specific theme.

### **Our Goal:**

We share the goodness, peace, and joy from the Holy Spirit. We want people to know that Jesus loves them – that no matter where they are in their journey, there is hope for a grand future through the promises of our Creator.

### **Fees:**

Crowns of Creation Ministries is solely funded by love offerings and honorariums received from churches, special events, and ministry partners. For events such as leading worship at a conference, retreat weekend, or other extended event, event organizers are to provide an honorarium. For events requiring an overnight stay we request our travel, meals and lodging expenses be covered.

## **Contact Information**
